

SLEGO One-Day SLEGO for Leaders®

SYNOPSIS

Simplification of organizational and product complexity is the heart of business survival. Through a combination of advanced simulations and team break-out activities, this day is a powerful learning experience that covers many critical aspects of the obstacles, challenges, and solutions to breakthrough improvement and growth. We also explore the profound leadership, culture and financial implications of eliminating complexity. Teams experiencing SLEGO is foundational for major improvement.

THIS WORKSHOP IS FOR:

- > Organizations facing complex process, product and market challenges
- > Leaders who are often stressed from constant change and fire-fighting
- > Companies that desire building up teams with high-level, systems thinking skills
- > Leaders looking to get teams united in a direction of major breakthrough
- > Learning Toyota's secrets to being the most profitable product company in the world
